Dear Don and team

YOU HAVE EXCEEDED OUR EXPECTATIONS!

We have learnt more about business in the first four hours with you than we have in the past forty years with our previous accountant!

Your ability to put things in a way that we can understand is greatly appreciated! We now can understand what a Trust is!!

We also appreciate the proactive advice that you have given us on how we should structure ourselves to protect our assets and help reduce our tax bill.

Lastly, we can see real value in the fees we pay you.

We look forward to a long association with you and your team.

Yours sincerely
