

To Whom it May Concern,

*We have had Business Results being part of our team for over five years now.
We enjoy their professional and friendly manner.*

We truly trust Don and Cheryl with any business decision they make regarding our business. As mention earlier they have been part of our team. For accountants that live outside our city they make regular visits and take genuine interest in what we are doing. They have helped us along our journey to make our business what it is today. We started with only three on our team and now we are the largest Salon in the Bay of Plenty with thirteen team members and fourteen cutting stations.

I would highly recommend Don and Cheryl at Business Results Ltd.

Kind Regards

Keith and Bronwyn Harding (owners)
